# INDEX

Acute rheumatic fever, exudates in agglutination of suspensions of virus-like particles from, 173.
Agglutination of suspensions of virus-like particles prepared from exudates in acute rheumatic fever, 173.
Anaemias, haemolytic, atypical, 335.
Anaemias, sternal puncture in, 127.
Androgens, urinary, differential diagnosis of forms of basophilism (Cushing's syndrome), particularly by estimation of, 233.
Anterior pituitary, Simmonds's disease due to post-partum necrosis of, 277.
Anxiety states, plasma lipids in, and their comparison with lipopenia of hyperthyroidism, 47.
Arterial hypertension, arteriosclerosis, and high intracranial pressure, cerebral blood-flow in, 185.
Arteriolar hypertonicity, nature of, in acute glomerulo-nephritis, 353.
Arteriosclerosis, and high intracranial pressure, cerebral blood-flow in arterial hypertension, 185.
Atypical haemolytic anaemias, 335.

Basophilism (Cushing's syndrome), differential diagnosis of forms of, particularly by estimation of urinary androgens, 233.
Benign broncho-pulmonary inflammations associated with transient radiographic shadows, 79.
Blood-forming organs, diseases of, sternal puncture in, 127.
Blood-flow, cerebral, in arterial hypertension, arteriosclerosis, and high intracranial pressure, 185.
Blood-sugar curve, low, causation of, in coeliac disease, 251.
Broncho-pulmonary, benign, inflammations, associated with transient radiographic shadows, 79.

Causation of low blood-sugar curve in coeliac disease, 251.
Cerebral blood-flow in arterial hypertension, arteriosclerosis, and high intracranial pressure, 185.
Coeliac disease, low blood-sugar curve in, causation of, 251; intravenous curve in, 253; response to insulin in, 258.
Creatinuria in thyroid disease, 31.
Cushing's syndrome, differential diagnosis of forms of basophilism (Cushing's syndrome), particularly by estimation of urinary androgens, 233.

Differential diagnosis of forms of basophilism (Cushing's syndrome), particularly by estimation of urinary androgens, 233.
Diseases of blood-forming organs, sternal puncture in, 127.
Dysplasia, ectodermal, hereditary, of anhydrotic type, 97.

Ectodermal dysplasia, hereditary, of anhydrotic type, 97.
Effect of pituitary thyrotropic extract in subjects with low basal metabolic rates, 195.
Electrolytes, some serum, in hypertension, 361.
Experimental leucocytosis in man, 311.

Goitre, toxic, further studies of plasma lipids in, 41.
Glomerulo-nephritis, acute, nature of arteriolar hypertonicity in, 353.

Haemolytic anaemias, atypical, 335.
Heart-disease, rheumatic, as met with in hospital practice in Ceylon, 261.
Hereditary ectodermal dysplasia of anhydrotic type, 97.
Hypertension, some serum electrolytes in, 361.
Hypertension, arterial, arteriosclerosis, and high intracranial pressure, cerebral blood-flow in, 185.
Hyperthyroidism, lipopenia of, plasma lipids in anxiety states and their comparison with, 47.
Hypertonicity, arteriolar, nature of, in acute glomerulo-nephritis, 353.
Hypoparathyroidism, chronic, treatment of, 209.
Hypopituitarism, substitution therapy in, 69.

Infection, sternal puncture in, 165.
Infections, tropical, sternal puncture in, 165.

Insulin resistance and the diagnosis of thyroid disease, 23; creatinuria in thyroid disease, 31.
Insulin, response to, in coeliac disease, 258.
Intracranial pressure, high, cerebral blood-flow in arterial hypertension, arteriosclerosis and, 185.
Intravenous glucose curve in normal subjects, 252; in coeliac disease, 253.

Laurence-Moon-Biedl syndrome, 51; components of syndrome, 53.
Leucocytosis, experimental, in man, 311.
Lipopenia of hyperthyroidism, plasma lipids in anxiety states and their comparison with, 47.

Man, experimental leucocytosis in, 311.
Metabolic rates, low basal, effect of pituitary thyrotropic extract in subjects with, 195.

Organs, blood-forming, diseases of, sternal puncture in, 127.

Pancreatic function, secretin test of, 115; secretin effect, 117.
Pituitary thyrotropic extract, effect of, in subjects with low basal metabolic rates, 195.
Plasma lipids in toxic goitre, further studies of, 41; in anxiety states and their comparison with the lipopenia of hyperthyroidism, 47.
Pneumothorax, spontaneous, on, 1.

Radiographic shadows, transient, benign broncho-pulmonary inflammations associated with, 79.
Rheumatic fever, acute, exudates in, agglutination of suspensions of virus-like particles from, 173.
Rheumatic heart-disease as met with in hospital practice in Ceylon, 261.

Secretin test of pancreatic function, 115; secretin effect, 117.
Serum electrolytes, some, in hypertension, 361.
Simmonds's disease due to post-partum necrosis of the anterior pituitary, 277.
Sternal puncture in diagnosis of diseases of blood-forming organs, 127; sternal puncture in anaemias, 133; reticulosis and reticulosarcoma, 151; leukoses, 151; myelosclerosis, 159; erythrosis, 159; lymphadenoma verum, 160; infectious mononucleosis, 161; lipoidosis, 161; reticulosarcoma, 162; myelomatosis, 162; metastatic neoplasms of bone, 163; agranulocytosis, 164; idiopathic thrombocytopenic purpura, 164; sternal puncture in infection, 165; sternal puncture in tropical infections, 165.

Thyroid disease, diagnosis of, insulin resistance and, 23; creatinuria in, 31.
Thyrotropic extract, pituitary, effect of, in subjects with low basal metabolic rates, 195.
Treatment of chronic hypoparathyroidism, 209.
Tropical infections, sternal puncture in, 165.

Urinary androgens, differential diagnosis of forms of basophilism (Cushing's syndrome), particularly by estimation of, 233.
